OUR STATEWIDE PRESENCE

- ★ Texas A&M University and Agency Headquarters
- Texas A&M AgriLife Research & Extension Center
- Texas A&M AgriLife Research Station

TEXAS A&M
AGRI LIFE
RESEARCH

Texas A&M AgriLife Research

- The only Texas state agency charged with conducting research in agriculture, natural resources, & life sciences
- Most scientists have joint appointments with TAMU or other universities (TAMUS, Texas Tech, etc.)
- **Mission:** To develop new knowledge and tools through basic and translational research to benefit consumers and expand agricultural sustainability, profitability, and environmental stewardship
